IM C2000 / 2500 / 3000 / 3500 / 4500 / 5500/ 6000

Ricoh has intelligently created a range of Office Print solutions that constantly stay ahead of today's workplace requirements, ensuring that our customers' investment is protected and their needs are always met. These new, intelligent devices are based on the principle of scalable intelligence. Through software and the cloud, your MFP can be updated, customised and upgraded remotely, in line with your changing needs. Our solutions are designed to be flexible, scalable and tailorable to the changing circumstances our customers face, whether that's because of developments inside their own organisations or as the outside world moves on. And unlike most other MFP's on the market, Ricoh's intelligent devices mean an investment in today's equipment is also an investment in the future. This e-book will help you make informed choices about the kind of MFP you want, and ultimately unlock freedom in your organisation.

- The easy-to-use 10.1" Smart Operation Panel with touch screen controls has improved responsiveness and large new look icons.
- Settings can be configured to suit each individual user's needs and with easier mobile connectivity,users can print or scan to the office network or cloud from their smart device, with built-in support for NFC, AirPrint* or Mopria.
- Easy installation and set up
